SUMMARY

Front-End Developer with 2+ years of experience building responsive, accessible web applications using React.js, JavaScript, TypeScript, HTML5, CSS3, Bootstrap, and Tailwind CSS. Skilled in developing reusable, scalable UI components, integrating REST APIs, and optimizing performance through lazy loading and code splitting. Proficient in transforming Figma designs into pixel-perfect, cross-browser interfaces in close collaboration with UI/UX designers. Hands-on experience with Git, Bitbucket, Vite, and CMS platforms including WordPress, Webflow, Shopify, Wix, and Squarespace, with working knowledge of Laravel for API integration and backend workflows. Passionate about writing clean, maintainable code and delivering high-quality, accessible digital experiences.

WORK EXPERIENCE

UI Developer

Vidya Online Services Pune Pvt,Ltd

Nov 2024 – Present

- Developed and maintained 10+ responsive, scalable web applications using React.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, and Bootstrap, ensuring consistent performance across devices.
- Collaborated with UX/UI designers to convert Figma wireframes into reusable, pixel-perfect React components, following responsive and mobile-first design principles to accelerate development cycles.
- Built 15+ reusable and maintainable UI components, reducing development time for new features by approximately 20–25% and ensuring a consistent user experience across the application.
- Ensured cross-browser compatibility, accessibility (WCAG-aligned), and responsive layouts across desktop, tablet, and mobile devices. Managed version control and source code using Git and Bitbucket, collaborating with a team of developers through branching, pull requests, and code reviews.
- Assisted in Laravel backend integration and REST API consumption, supporting debugging efforts and improving understanding of end-to-end backend workflows.

Web Developer

Walstar Technologies Pvt Ltd Kolhapur.

Sept 2023 – Sept 2024

- Designed and enhanced responsive business websites using WordPress, Webflow and Wix CMS platforms. Customized templates using Elementor, Divi, Beaver Builder, WPBakery, GoHighLevel, and Gutenberg to create user-friendly websites.
- Did custom website layouts and landing pages while ensuring responsive design and cross-browser compatibility. Configured and managed website content, plugins, themes, and CMS settings to improve usability and performance.
- Built websites in Wix, including template customization and integration of Wix Apps based on client requirements. Collaborated with clients and designers to deliver visually appealing, SEO-friendly, and mobile-responsive websites.
- Performed website maintenance, bug fixes, content updates, and performance optimization.
- Worked with HTML5, CSS3, JavaScript, Bootstrap, and basic PHP to customize CMS-based websites.

EDUCATION

Master of Computer Application (MCA)

D.Y.Patil Agricultural & Technical University,Talsande. • 2023

Bachelor of Science in(Computer Science)

Shivaji University,Kolhapur • 2021

TECHNICAL SKILLS

• Languages and Technologies:

HTML5 | CSS3 | React.js | Bootstrap, |Tailwind CSS | Responsive Web Design | Mobile-First Design | Cross-Browser Compatibility | Laravel | API Integration | JavaScript | TypeScript | PHP | C | C++

• CMS and Page Builders:

WordPress | Webflow | Wix | Squarespace | Tilda | Elementor | Divi | Gutenberg | Beaver Builder | GoHighLevel

• Design and Tools:

Figma | Canva | Adobe Photoshop | Git | GitHub | Bitbucket | npm | Vite | Visual Studio Code
